

Claxton Hepburn Medical Center is committed to ensuring that our patients have no surprises when it pertains to their bills and out of pocket costs.

## **Understanding Prices**

While hospital charges can be confusing in a consistently changing environment, Hospital Executive Leadership is committed to keeping our prices among the lowest in our community. We are also committed to correct and transparent billing. If there are ever any concerns with any bill for services rendered at Claxton Hepburn Medical Center locations, we ask that you contact us directly so we can assist in a comprehensive review and explanation. We are committed to you and your satisfaction!

Claxton Hepburn Medical Center charges patients and insurance companies the same price for individual services. In addition to hospital charges, patients may be billed by other professionals who participated in providing care. While our charges are the same for all patients, a patient's responsibility may vary, depending on payment terms negotiated with individual health insurers and the individual's certificate of coverage. Should you ever require any assistance understanding your specific plan benefits, please feel free to contact our Financial Counseling office at (315)713-5118.

In compliance with Federal and NYS laws and regulations, Claxton Hepburn Medical Center provides a price list available to each patient and community member upon request.

Please note that the pricing in this notice are for base pricing only and billed charges may vary based on the individual services performed and the acuity of care required.
